

MSI: Anatomy

"*Mathematical Sciences Investigation (MSI): Anatomy of Integers and Permutations*" is an experimental work that blurs the boundaries between pure mathematics, film, and live performance. ANDREW GRANVILLE, mathematician and vulgarizer, JENNIFER GRANVILLE, actor and screenwriter, and MICHAEL SPENCER, performance designer have collaborated to present this special rehearsed reading.

The Simons Auditorium at MSRI

FRIDAY, APRIL 29, 7:00-8:30 P.M.
